I see your face and oh it's changed  
Shows up just like dead skin  
And I know the flaws when you're 17  
But I'm old enough to be a gentleman

So help me now as I bow to your splendour  
And I'm telling you and you know it's true  
You won't find anyone better

And I ask myself  
Am I just another part of the game  
To you my friend  
Well yeah if you mess up I'm not to blame

But I feel  
And it's real  
What am I supposed to do now you're gone?  
What am I supposed to do now you're gone?

So light that burden and hang it high  
Thorns don't burn all that well  
Let it sparkle let it die  
There's only so many lies you can sell

And I'm looking at our picture  
So many lies I can sell  
And I guess it's life that figures  
And it hasn't changed all that well

Something's missing  
I don't know what it is  
That makes me feel like this  
But whatever it was you've stolen it

And I feel  
And it's real  
What am I supposed to do now you're gone?  
What am I supposed to do now you're gone?  
Now you're gone

And I feel

And it's real  
What am I supposed to do now you're gone?  
What am I supposed to do now you're gone?  
What am I supposed to do now you're gone?
