I woke up at dawn  
And watched the colours on your face  
Slowly fade the paint degrades  
I give you my hand  
But you won't take the risk to trust me  
You blow me away Don't be ashamed

You're broken face leaves a scar  
It cracks with time but you're on my mind

She dreams of me  
And I wonder what she's thinking  
When I'm awake And she's fast asleep  
She's afraid of what she hides  
And it's delicate to say  
With the tears in her eyes  
I know they've torn her away

You know that I want you  
To grow with me like you should  
In a home without locked doors  
But you envy  
The slightest difference between us  
But I don't I don't envy us

You're broken face leaves a scar  
It cracks with time but you're on my mind

She dreams of me  
And I wonder what she's thinking  
When I'm awake And she's fast asleep  
She's afraid of what she hides  
And it's delicate to say  
With the tears in her eyes  
I know they've torn her away

But it's over now, it's over now

She dreams of me  
And I wonder what she's thinking  
When I'm awake

And she's fast asleep  
She's afraid of what she hides  
And it's delicate to say  
With the tears in her eyes  
They've torn her life away  
There's a million things I wanted to say  
She dreams of me  
They've torn her life away
