Come on, over here
I got something to show you
I'm gonna make you wet with my super soaker!
Come on, over here
I got something to show you!
I'm gonna make you wet with my super soaker!
Come on, over here
I got something to show you
I'm gonna make you wet with my super soaker!
Come on, over here
I got something to show you
I'm gonna make you wet with my super soaker!

Grab your super soaker, fill it up with vodka
Point it at your partner, pull the trigger harder!

This thing is amazing, just point it and aim it
Pull the trigger and spray it, make it feel like it's raining!

Pull the trigger and spray it, make it feel like it's raining!
This thing is amazing, just point it and aim it

Pull the trigger and spray it, make it feel like it's raining!

Pull the trigger of your super soaker,
Pull, pull the trigger 'till the moon is rose up!

Pull, pull the trigger 'till the moon is rose up!
