Try your worst, 'cause i've heard it all
and just stuck on a brave face and tried to walk tall
and you can tell me that i've changed when you can look me in the eye
i've got tricks up my sleeveas I wave goodbye

PRECHORUS

I like to think that I am stronger now than I was before
but now I'm having trouble showing you the door

CHORUS

And ohhhh
i'm on my road
i've got my map in hand but I just don't know where I stand
and now I'm herepicking my pieces off the ground
we need to get the negativity slack and let the positivity back
I need a smile that isn't fake
but i'ma need your help for goodness' sake,
your help

I'm sick of being a drifter,
being a floater, go-away-and-get-the-boat-er
no one wants you here, why can't you see
I was living life through someone else's eyes but now I'm finally back to me

PRECHORUS

I like to think that I am stronger now than I was before
but now I'm having trouble showing you the door

CHORUS

And ohhhh
i'm on my road
i've got my map in hand but I just don't know where I stand
and now I'm herepicking my pieces off the ground

BRIDGE

the ground you stand on
the ground that looks you in the eye
the ground you stand on
the ground that you will just walk by
