Seed Fire in the Morning  
Sweet as a girl can be  
She lying In my bed right a next to me  
I'm dying of frustation  
Night's not her time she says  
With a yawn as she turn around  
(Enuff)  
Optisch is sie das heieste eisen  
Deine Augen glhen und brennen  
Du liegst im Schwei nur die fette Bettdecke trennt den  
Moonlightride und wippenden Beckenbereich vor der  
eisigen Wirklichkeit:  
Nachts is sie nicht bereit  
(Eased)  
And all you get to hear is Later  
She's a cold fridgerator  
(Refrain)  
But she is fire inna di morningsun  
All through the night she cyaan come  
The girl is higher inna di morningsun  
All through the night she cyaan come  
(Eased)  
When the light of the morning comes  
It's 6 o'clock and right at the break of dawn  
I'm tired and I'm sleeping  
I can't believe what I see as I wake up fom a heavy  
groan  
(Enuff)  
Es is soweit es is zeit sie geht steil  
Die Killerbraut dreht dann so dermaen durch auf  
Internationalem Niveau, dass deine Glocken laut luten  
Das Bett brennt lichterloh  
Und zwar jedes Mal jeden Tag weil du nie was  
dagegen hast  
(Eased)  
And she's a rude navigator  
And there is no regulator  
(Refrain)  
(\*\*\*\*gerusche)  
(Refrain)
