If plowshares could speak and the lost would seek  
They would find themselves together  
When the new world comes the face of the sun  
New wine for all the pain  
I know you will catch me when I cannot see  
I've walked in these shoes up to my knees  
I've birthed a mountain that is hard to climb  
Weary well doing I will make the time  
I'm the one  
I'm the one  
That is what I've become  
I'm the one  
I'm the one  
Don't let your good be spoken evil of  
Heart and mustard seed faith is to believe  
I dig in the dirt, my hands bleed  
If answers is why we pray  
Let us bow our heads today
