Complimentary "Thing" Ringtone Just imagine us doin'
it, doin' it,
doin' that thing with the "ah" and the "uh" in it,
bounce in the bed so hard till we ruin it,
then jump in the jacuzzi with you in it.
Cool in it!
... mix one but the two in it,
you got red, put the green and the blue in it!
... some time within a few minutes?
Nobody would ever have a clue of it.
You'll be queen, I'll be your pharaoh,
meet at the movies, kissin' in the back row,
hope you have no problems with me,
ridin' a macho, soon I get ...
Wait! I drink too much ...
Maybe we'd better meet up tomorrow.
So, goodbye, you pretty sparrow,
pew, that was so narrow.

[Chorus:]
Oh oh oh, pretty thing,
you make me hide my wedding ring.
while I took ya, I'm your string,
we're just sippin' on our drink.
Oh oh oh, pretty thing,
you make me hide my wedding ring.
When I see you I have to sing,
tingalingaling, you pretty thing.
