Stop me baby, that logo raw,  
Stop me baby, that logo raw

Straight like that, play the bat, fade to black  
The game lay flat, pull a lame name out the hat  
Take em off the map, eat his food and get fat  
Fuck a buck 50, give him a 3.60, erase his history  
IÂ'm hard like a taste of whiskey, move like a gipsy  
In a blue king vivid, pull out the dub hippy  
You too iffy, IÂ'm sickness skippy, IÂ'm sticky  
Choose bitch too picky  
Keep it sour, respect the shooter, inside your head itÂ's  
your register sooner  
Maneuver, it might turn up to be a tumor, the radiation  
came from the computer  
Gun in the case, replace the toolbox,  
The hook realer consumer like toner  
10 chucks, the cold got me held up in the cobra clutch  
ItÂ's tough, ivish to trust, Egyptian mush, shoot outs  
and dusk  
Winds gust with thrust, knock your bitch IÂ'm a cluts,  
sorry  
Armani tux, mami rock the body glove  
I snuck the shottie in the club, but itÂ's all love

Stop me baby, that logo raw,  
Stop me baby, that logo raw  
Knock your fucking head off nigga, letÂ's get em

Stand in the halls with the fiends  
Serving saltine bling queen Philippine  
These are morphine dreams, and the flat screen  
machines  
No books, just magazines  
Lights, cameras, nights at the copa cabana  
IÂ'm no obama, my nameÂ's on the banner, bitch  
For how I use grammar, the cayenne come with the  
scrambler  
The lame niggas gave the game cancer  
Carver till my face album on my pogo  
With 2 bad hoes can Â...beat the pussy brutal

Kick the poodle, body like a fitness guru  
She kiss the rang feel the king approval  
Ah, tracking vocals that's a black opal  
Million dollar gun twist noodles  
The disposal, gold revolver, code of honor, bad karm  
Still cops playing in Santa Barbra  
Bare handed, we'll pull them all in out the harbor  
Did it in ...my bitch do what I taught her, breathe  
underwater  
The key order rock 3 quarter, a good pimp should  
never have to lay a finger on her

Stop me baby, that logo raw,  
Stop me baby, that logo raw
