Chorus: Too late to say your sorry,
It's too late to take that pain away,
Too late to save ah Holiday (Hey Hey Hey)

Like to think your that makes it so great,
Like to think you the one that never makes an mistake (I
know it, I know it)
Like to think your that the one that makes it suck them
up,
Like to think your the jelly in the doughnut (I know it, I
know it)

But it's too late!

Chorus: Too late to say your sorry,
It's too late to take that pain away,
Too late to save ah Holiday (Hey Hey Hey)

Like to think your the one makes me turn around,
Bring it up then always gonna bring it down (I know it, I
know it)
Like to think your the one can't do anything,
Like to think your the one that won't eat my wings (I
know it, I know it)

But it's too late

Chorus X2
Like to think your the one makes it so good,
Like to think your the one that ever could (I know it, I
know it)
Like to think your the one that makes it suck them up,
Like to think your the jelly in the doughnut (I know it, I
know it)

But it's too late.

Chorus X2
