(squeek squeek)  
woahhhhhhhhhhhhhhhh yea (oh yea)  
woahhhhhhhhhhhhhhhh yea

when i was a little girl  
my best friend in the whole wide world  
was my little rubber toy  
it used to bring me so much joy  
floating in my bubble bath  
it's funny noises always made me laugh  
splashing water all over the floor  
i never thought i could ask for more  
but now i'm tired of my little friend  
i was young and that was just pretend  
now i'm ready for something new  
and if your lucky then it could be you

you could be my squeeze toy (squeek squeek)  
you could be my squeeze toy (squeek squeek)  
come and play with me boy (squeek squeek)  
won't you be my squeeze toy (squeek squeek)  
you could be with me boy

everynight when my mother said  
i took my squeeze toy up to bed  
and in the morning each and every day  
i took my friend outside to play  
always with me when i went to school  
even though it was against the rules  
all my teachers told me it was wrong  
for little girls to play with toys so long  
but now it's time to put my toys away  
and have fun in a different way  
cause i'm ready for something new  
and if your lucky then it could be you

you could be my squeeze toy (squeek squeek)  
you could be my squeeze toy (squeek squeek)  
come and play with me boy (squeek squeek)  
won't you be my squeeze toy (squeek squeek)  
you could be with me boy

(squeek squeek)  
won't you be my squeeze toy (squeek squeek)  
a a a huh oh yea (squeek squeek)  
won't you be my squeeze toy (squeek squeek)  
a a huh a huh oh yea

woahhhhhhhhhhhhhhhhh yea (a huh oh yea)  
woahhhhhhhhhhhhhhhhh yea (a huh a huh oh yea)

you could be my squeeze toy  
(maybe you can come to my house)  
you could be my squeeze toy  
(maybe we can take a bath maybe we can...)  
come and play with me boy  
(take another bath)  
won't you be my squeeze toy  
(but don't tell my mom ok?)  
you could be with me boy

you can be my squeeze toy  
you could be my squeeze toy  
come and play with me boy  
come and play with me boy  
you can be my squeeze toy  
won't you be my squeeze toy  
come and play with me boy  
you could be with me boy  
(woahhhhhhhhhhhhhhhhh yea)  
you can be my squeeze toy (squeek squeek)  
you could be my squeeze toy (squeek squeek)  
come and play with me boy  
you can be my squeeze toy (squeek squeek)  
won't you be my squeeze toy (squeek squeek)  
you could be with me boy
