You gotta keep the grass cut low around me sports
homie
You gotta have eyes in the back of your head
You gotta be able to spot them before they spot you,
faggots

[Hook]

You gotta watch these niggas, how they move, how
they act
When you around, how they react
If you don't wanna get stabbed up in the back
I know one thing and that's a fact and that's
You gotta watch these niggas, you gotta see what's in
they thoughts
Read they body language when they talk
And always look them niggas dead in them eyes
Even thought they pray for your demise,
If you wise, you gotta watch these niggas

Shout out to my niggas, y'all know who y'all are
Middle finger to them lames, we can spot them from
far
For they mad cause my bitch nicer flow
My shit tighter, a hit writer, with the hunk of the cyphus
I could tell when a nigga give me a pound
If he should still be around, or drilled in the ground
Pachanga, your best friends become strangers
The love turn to hate and the hate turn to anger
I don't trust many, matter fact, I don't trust any
Body that give a funny vibe to me
The hunger gonna get me way more than hood rich
But when you hungry, niggas try feeding you bullshit
And I ain't got the appetite for that
Get you sent to the afterlife for that
A stone cold killer, I ain't acting like a mat
I make a call on my jack to inform my cats, it's a fact

[Hook]

You gotta watch these niggas, how they move, how
they act
When you around, how they react

If you don't wanna get stabbed up in the back
I know one thing and that's a fact and that's
You gotta watch these bitches, you gotta see what's in
they thoughts
Read they body language when they talk
And always look them bitches dead in them eyes
Even thought they pray for your demise,
If you wise, you gotta watch these bitches

Let me fill you in, see the niggas you's dumb just to
reel you in
And if they catch you, they just might kill you in
When you go, them bitches gonna steal you then
And I ain't tryina say that all bitches like that
But money is a motherfucker, all bitches like that
So I, I don't even call bitches like that
They call me and I curve them, yeah I adore bitches like
that
And never get you thirst, cause if you too thirsty
They just go and get you first
When a bitch come to see me it's like I wise up
Tell the cab driver an address that's 5 blocks up
And I'll be right there, watching in the v
Seeing if she make another call before she call me
And if she do make a call and my phone don't ring
And I see her lips moving this all gonn change
Case I was watching, watching
You gotta be on point man
Can't get caught slipping, cause it's easy to get caught
slipping
I advise you how to be on point though
You gotta watch these bitches
They sneaky man, I've seen it happen man
You gotta watch these niggas too man
Don't trust nobody facts
You gotta watch these niggas.
