These eyes haven't seen that much
Tamed a tiger now I'm strange
I picked up right where we left off
It wasn't always this way
Cause my types your type
My feathers yours too

I know I'm gonna be yours
I know I'm gonna be yours
Yes gonna be better than before
Yeah it's gonna be better than before ooh ooh...

This heart doesn't beat very fast
There aren't diamonds in my shoes
And if my hands couldn't cut you like glass
What would we ever do
Cause my types your type
My feathers yours too

I know I'm gonna be yours
I know I'm gonna be yours
Yes gonna be better than before
Yeah it's gonna be better than before

I know I'm gonna be yours
I know I'm gonna be yours
Yes gonna be better than before
Yeah it's gonna be better than before ooh ooh...

I know I'm gonna be yours
I know I'm gonna be yours
