"One World Love"

One world love,
Our hearts can share in;
One love so caring
Could make us feel as one, could make us be as one.
One world love,
Until all time ends;
All broken dreams mend,
And we could live as one.

Be as little children as you go along;
Come and join us, come and join our song.
Rich or poor and homeless, powerful or weak,
Hear our hearts speak, hear our hearts speak.

One world love,
Love so redeeming,
We'll go on dreaming
Of only one world love.

(Instrumental bridge)

Be as little children as you go along;
Come and join us, come and join our song.
Join the celebration; bells of freedom ring;
Hear our hearts sing, hear our hearts sing.

One world love,
Love so redeeming,
We'll go on dreaming
Of only one world love.

We'll go on dreaming
Of only one world love.
Could there be one world love?
