Standing on a hill of shattered glass,
Push me over the edge until I'm gone (Till im gone)
We've caught on fire and now were weak,
Hold your breath until we die of choking (Burn this
match that led us down!)

(Verse)

Darling...this is the final letter i have sent.
I will wrap you in my arms, never let you fall.
Baby...our relationship is crumbled and it's bent.
Burn up all the memories that you held and kept.

(Pre-chorus)

These are they days, hold on to me tight.
(This is the match we used to set ourselves on fire)

(Chorus)

Standing on a hill of shattered glass,
Push me over the edge until I'm gone (Till im gone)
We've caught on fire and now were weak,
Hold your breath until we die of choking (die of
choking)

(Verse)

This war...held us this far, why can't we go on?
Today's the day we stand in line, today's the day that
your gone.
Please dont...break my heart, now i can barely stand.
You wouldnt last a minute in god's frozen hands.

(Pre-chorus)

These are the days, hold on to me tight.
(Hold your heart close to mine, walk to the light)

(Chorus)

Standing on a hill of shattered glass,
Push me over the edge until I'm gone (Till im gone)
We've caught on fire and now were weak,
Hold your breath until we die of choking (die of
choking)

(Bridge)

You said: (These were the days, those were the days)
You lied: (When standing in front of the black crimson
waves)

(Chorus)

Standing on a hill of shattered glass,
Push me over the edge until I'm gone (Till im gone)
We've caught on fire and now were weak,
Hold your breath until we die of choking (die of
choking)

Standing on a hill of shattered glass,
Push me over the edge until I'm gone (Till im gone)
We've caught on fire and now were weak,
Hold your breath until we die of choking (die of
choking)
