Cast out, hanging in the gallows of your regret.  
Hollow out my eyes,  
Let us into to the sound of an unheard cry. (x3)

Well if I scream, if I shout, will you hear me now?  
If I turn this body inside out,  
You can listen to the sound it makes without the heart  
you stole from me.  
Give back what doesn't belong to you.  
Don't you know it's right, don't you know it's right.  
(Give it back.)  
Forgive me for falling  
Don't tell me you're sorry,  
Don't tell me you're sorry.

Well if I scream, if I shout, will you hear me now?  
If I could turn this world upside down,  
I would pour all the memories out of you and me and  
finally breathe.

Your guilt is pulling me down  
This burden is making us blind. (x2)

Making us blind!

I'll be alright baby, I'll be alright baby, I'll be alright  
baby, I'll be alright,  
'Cause I won't let myself be dead like I feel inside,  
I won't let you break me,  
I won't let it take me away like a child turns his back on  
the tides.

I'll be alright, I swear.  
I'll be all I need is this,  
And I swear on my life that I'll be alright baby, I'll be  
alright baby, I'll be alright, I swear this isn't the last  
time  
'Cause I can grow to love the lie, (this isn't the last time)  
I'll learn to smile inside. (This isn't the last time)  
I will stop dreaming of you eyes, (this isn't the last  
time)

But I can hate it all till then.
