WOW!

Brace yourself the time is coming soon

For the night to consume you

(CONSUME YOU)

Shadows dance across these walls

Don't fall asleep I wait for you in your dreams

These nightmares produced are not mindless
escapades

Of this life that we have made

Becareful!

Don't close your eyes there is no escape

RUN!

Run for your life because the end comes swiftly

Open your eyes

Snap back to reality

To bring me answers to these offset lies

Wake the life from inside

Time to rise

It's time to rise

There is no cure for this disease

No assistance from your failures (FAILURES)

So step back

(STEP BACK)

And relapse

Wake the life

(From the inside)

From the inside

Time to rise

It's time to rise

EEEEOOOOO!

This Message

This Blessing

Is it deafening?

Speak up!

Or never heard of this message this message

This Blessing this blessing

Is it deafening?
Speak up!

There is no cure for this disease
No assistance from your failures (FAILURES)
So step back
(STEP BACK)
And relapse

(X2)There is no cure for this disease
No assistance from your failures (FAILURES)
