And I've been losing my mind since I was born into this  
dark world and I don't believe in anything 'cause I can't  
forget the things I've seen.

But the only thing left worth fighting for is the  
innocence in you and I'd rather die before I see it  
disappear.

When winds carry us by compass rose  
Not even her arms feel like home  
Nailed to a broken dream  
There's no place for me

So if you're gonna' stay, then how long would you wait  
for me before your love begins to fade?  
I just can't spend all of my days in this place wasting  
away.  
So don't forget me when I'm gone, I promise I won't be  
long.  
Maybe carrying all these burdens will teach us to be  
strong, will teach us to be strong.

None shall pass  
I will pay for this  
Nailed to a broken dream  
There's no place for me

No security  
Crown or comfort  
Shackled to a bed of thorns  
The water's at your throat  
To get burned when you've been warned

And the last of my sanity is slipping slowly from me,  
I just can't sit still - I just can't fucking breathe.  
And I'm chasing something but I don't know what it is,  
But it just won't let go.

So if I lose control, then how long would you wait for me  
to find my way around these walls?  
My mind's a maze I'm stranded in, my bones might rot  
where I fall.

Is this air laced with Novocaine, 'cause I don't feel  
anything at all.  
If I can't have you and I can't find truth, then what's the  
point of waking up?  
What's the point of waking up?

And if I could have another chance, I wouldn't change a  
single thing.  
I'd run like hell and not look back as the world burns  
down behind me.  
And I would swear to change it all, I wouldn't let them  
push me to my knees.  
I would fight like an animal. I wouldn't do a thing  
differently.

Carry me away from here and teach me to be strong  
This is my own escape  
It's not where we were promised to be  
I'd rather light a candle than curse your darkness

There's no place for me  
Pull me away from,  
Pull me away from here

So if you're gonna' stay, then how long would you wait  
for me before your love begins to fade?  
I wish that part of me believed that I'm gonna' come  
home someday.  
Is there purpose without meaning?  
Is there a life that's worth living?  
Is there a chance to change things or have we really  
ruined everything?
