Ooh, yeah

Brothers, can't you see something's going on?
There's another happening in front of your face

But you can't see it
It's hard to know who's your friend and who's your
enemy, yeah
When it all comes down to the line, yeah
Would you lay your life down for your freedoms?

Well, no one knows what lies in the heart of man
No one has the answers to the questions we have
As we continue on the road less traveled on
Well, I'll see you on the other side

Sisters, can't you see something's going on?
There's another happening in front of your face
But you can't see it
It's hard to know who's your friend and who's your
enemy, yeah
When it all comes down to the line
Would you lay your life down for your freedom?

Well, no one knows what lies in the heart of man
No one has the answers to the questions we have
As we continue on the road less traveled on
Well, I'll see you on the other side

Lines are drawn
Singing which side you're on
I tell you, there's a war inside the soul from birth

Yeah

Brothers and sisters, can't you see something's going
on?
There's another happening in front of your face
When it all comes down to the line, yeah
Would you lay your life down for your freedom?

Well, no one knows what lies in the heart of man

No one has the answers to the questions we have
As we continue on the road less traveled on
Well, I'll see you on the other side of this ride, yeah
