i know that baby we aint smooth from the start  
and you can say that our lovin wasnt quite a spark  
so many walls being build between us yet we just dont  
care

(you know that) im glad we had each other been  
through all stormy weathers  
faith keep our love grow fonder  
and i dont care and i dont even wander  
cross the bridge just to get there  
say i love you baby

(refrain 1)  
i want to hold you like lovers do  
make you feel alright make you in the mood  
to make love on me baby cant you see  
that im'a make just what you want a lover should be  
never do anything to break my promises  
my princess im obsessed my hearts an ambulance  
rub you want you turn the radio on  
til the dj plays our song saying

(chorus)  
"on and on we just keep on trying  
and we smile when we feel like dying  
on and on, on and on, on and on"

(now listen)  
baby no need to worry  
dont have to say were sorry  
its good enough to be true that wherever i go theres  
always you and i will be together last forever and ever  
yeah

(refrain 2)  
i want to sing you your favorite song  
with a new loud beat dancing all night long  
put your neck on my back  
shake your booty and yo' crack  
we gonna make it hot with little lovin like that

(bridge)  
and i dont give a damn if they're unhappy  
as long as you are here with me we can make believe  
of fantasies  
i know that with you i can sleep so sound and  
peacefully again

(refrain 1)  
(chorus)

...the dj palys our song saying (4x)
