Do ya wanna be my girlfriend
Do ya wanna lay around with me
Around with me

Do ya wanna go to a movie
Sit in the back row and make out
Make out with me

I wanna know when I think about you
Do ya think about me too

Do ya wanna be my girlfriend
Hold hands 'n hang around the mall
Around the mall

Do ya know you drive me crazy
Whenever you come out to play
Come out to play

I wanna know when I think about you
Do you think about me too

I won't give up until I've got you
Gimme some time

Do ya wanna be my girlfriend
C'mon and hang around with me
Around with me

I wanna know when I think about you
Do you think about me too
