I don't sleep at night, thinkin' about you  
I'm like a devil in disguise  
Turnin' wild, I need to see you  
Your face screamin' in my dreams  
I got the power, you movin' in me  
Like an invader in my soul  
Just feelin' like I'm growin' up  
And I don't wanna go back no more

And I'm feelin' right, I'm going mad  
Just like a crazy fireball  
Baby Baby please help me now  
I'm like a sexy machine gun

Power troll, power troll, power troll  
Gonna kick your ass  
Power troll, power troll, power troll  
Right in your face

Now I feel good, this is the right time  
I'm howling like a beast  
My energy is growin' up  
You have to give me what I want  
This is the night, I wanna kick your ass  
You, this's what I want  
And now this is too late, that's I wanna eat  
You're the best girl I wanna be with
