I'm on my way to despair  
Lookin' for you only  
I'm on the way to leave her  
Tryin' to understand  
You don't know nobody else  
Tryin' to leave you from hell

I'm still runnin' on this road  
I don't understand!  
I don't understand ooh yeah!

Now I'm the guy in disguise  
Lookin' for the right way  
I don't wanna see you darlin'  
Tryin' to lookin' to the air  
Now I've got to choose the right road  
And I'm havin' a new name

I don't care what you feelin'  
I'm just savin' myself  
Savin' myself

I wanna eat pussycat  
I'm just like anybody else  
I wanna eat pussycat  
Except you know myself at night  
I wanna eat pussycat  
I know you see my real nature  
I wanna eat pussycat  
I just want to have some fun!

I'm just lookin' for your pussy  
Smellin' around my brain  
I don't care what you're feelin' babe  
Cause I'm a real pussy eater  
Lookin' for bodies everywhere  
All along, deep in the night  
I'm just lookin' for you honey  
Until I get satisfied
