Like a dream come true  
as in spring forest  
as a drop of dew,  
like the sun at night  
like a bird in the blue-  
I love you!

As spring water  
as a picture on a wall,  
as voices of children  
smile like a woman  
a garden with flowers,  
I love you!

Chorus:  
But you do not know about me!

As a pearl in the hand  
like lava in snow  
as a snowflake in the morning  
Like the moon during the day  
as a kiss on the shore-  
I love you!

Chorus:  
But you do not know about me!

As winter in the city  
as a gray mist  
as no arc  
as wilting flowers  
as a window to the wall-  
I loved it!
