Purely intense, amazing  
Exquisitely devastating  
I'm in a daze and I'm drenched in our moment

Suddenly life's spectacular  
A decade full circle brought me back to you  
Always the boy with the yellow rose i just could not  
forget

And I feel safe now  
Just where i wanna be  
I can breathe in this serenity i  
Will chase down both our armies  
No more historical calamity here  
No more historical calamity here

You inspire me fiercely  
Reconcile negativity  
My fear i place before  
The union of two

Relentless in your chivalry  
Love to lick your lips so thankfully  
Always the boy with the yellow rose, peacock feather  
and baby's breath

And I feelin safe now  
Just where i wanna be  
I can breathe in this serenity i  
Will chase down both our armies  
No more historical calamity here  
No more historical calamity here

My vision is to follow through  
I patiently waited this long for you  
So completely consumed  
God you're beautiful

The whole world fades in a crowded room  
A decade full circle  
Brought me back to you

Always the boy with the yellow rose  
I just could not forget

And I feel safe now  
Just where i wanna be  
I can breathe in this serenity i  
Will chase down both our armies  
No more historical calamity here  
No more historical calamity here

And I feel safe now  
Just where i wanna be  
I can breathe in this serenity i  
Will chase down both our armies  
No more historical calamity here  
No more historical calamity here
