Called my girl on the phone, I just got her mama in a  
funny tone She told me that Carole was not at home  
That she had left with a bankers' son I'm laughing a-a-  
a-a-a-a about you

Sue comes in the other night, wears blue jeans fitting,  
uh, so tight She kisses me and asks if I was ok Orders a  
drink and want me to pay I'm laughingâ€¦

Yesterday, a letter for me, the mailman says it's from  
my Marie And then I read the words "goodbye" and  
"farewell"  
And I knew she's been dating Al  
I'm laughingâ€¦

I met this chick, she came my way, she smiled and said  
she was from L.A.  
And that her father was a mighty man  
Then she took off her gold wedding ring  
I'm laughingâ€¦
