When I first saw her it was over  
As she walked through the moon lit night  
She was younger, I am older  
But nothings wrong when it feels right

You know she might just break your heart  
(Oh yes, I know, I know, I know)  
You just might get ripped apart

Do I really wanna know her,  
And see her in my dreams tonight?  
Do I really wanna show her,  
How it would feel to hold her tight?

You want to make this girl your wife  
(Oh no, I don't, I don't, I don't)  
(I think it's moving to fast)  
You want this girl to share your life

You know she might just break your heart  
(Oh yes, I know, I know, I know)  
(She wouldn't do me like that)  
You know you might get ripped apart

Yes, I really wanna know her,  
And see her in my dreams tonight  
Yes, I really wanna show her,  
How it would feel to hold her tight

Yes, I really wanna know her(x4)
