Have you ever been to Belfast City  
near the county Down  
Have you seen the famous River Lagan  
and all the views of that fine town  
Have you heard about her beauties  
have you heard about her pain  
Oh that's my Belfast where I remain  
Take a sight of the Stormont House  
cross Queens-Bridge and Oxford Street  
The Albert Memorial Clock Tower  
see the Custom House by feet  
Walk along the Dublin Road  
Up to the Ulster Hall  
Oh that's my Belfast I can't recall  
But don't forget the Falls Road people  
and the office of Sinn Fein  
Walk into the Divis Flats  
feel the anger and the pain  
See the mothers with their little babies  
and the big crowd on the dole  
Oh, that's my Belfast my heart and soul

But see the troops of a foreign nation  
they are ready to defeat  
And see the guards and the patrol dodge  
watch the armoured cars in the street  
And see those rubber-bullets fly  
burst into your head  
Oh that's my Belfast my great regret  
Do you remember Henry Joy  
and little Bobby Sands  
The UDA, the Black And Tans  
and the crazy reverend
