

Selah "Hold On"

Visit "[Hold On](#)" on MotoLyrics.com

If you feel today that you can't make it
Keep holdin' on, cause you can take it
If you hold on a little while longer
Hold on a little while longer
Hold on a little while longer
Hold on

If you feel it's raining all in your life
And day by day, there's nothin'
Nothin' going right
Just hold on a little while longer
Hold on a little while longer
Hold on a little while longer
Hold on
Hold on

You gotta hold to His hand
God's unchanging hand
You gotta hold to His hand
God's unchanging hand
You gotta build your hopes on things eternal
My God will never let you down

Weeping may endure for the night
But if you trust in Jesus
Everything's gonna be all right
Just hold on a little while longer
Hold on a little while longer
Hold on a little while longer
Hold on
Hold on
