Hary and arch
have been close friends for years now.
Each of them is a very hard working man,
but they no longer belong to the kind of people
who dream about big things in life,
they're stuck in a world where income means much
more...

Hary and Arch
have been married for sixteen years now.
Each one of them has a very fine wife and kids,
but they no longer belong to the kind of people
who couldn't care less about tomorrow,
they're stuck in a world where tomorrow means much
more..
much more..

They're gone for the weekend
they're gone for the best.
They're gone for the weekend
they're gone for the best.
They're gone for the weekend
they're gone for the best.
They're gone for the weekend
they're gone for the best.

Hary and Arch
have been working for eight hours now.
Each of them has a very light hearted humour,
'cause they no longer belong
to the cast of the week where the end of the day
means waiting for the next..
It's friday night and the meet at six to scramble
towards
the golf course.

They're gone for the weekend
they're gone for the best.
They're gone for the weekend
they're gone for the best.
They're gone for the weekend

they're gone for the best.
They're gone for the weekend
they're gone for the best.
