I'm sick of all these cloudy skies
Lets explore the city lights
Make our way out of these suburban times
Take me far away to were the angels sing
I'll meet you there if you meet me
Take a chance get out of this town
Follow me, pretty please

Cause I'm running away with my two feet
My guitar in my hand, and I'm taking a leap for you, for
you
I'm gunna get the hell out of here with this song in my
head
I'm starting anew yea that's what I said
I'll stick to you, just like you wanted me to
Just like you wanted me to

I'm sick of all these rainy days
It put a damper on my parade
And needless to say I'm going away (I'm going away)
Take me out to where the flowers grow high, I want to
feel good
I don't want to lie to myself and say I'm okay (But I'm
o.k.)

Cause I'm running away with my two feet
My guitar in my hand, and I'm taking a leap for you, for
you
I'm gunna get the hell out of here with this song in my
head
I'm starting anew yea that's what I said
I'll stick to you, just like you wanted me to
Just like you wanted me to

The sun came up and smiled down
On a little boy who just had found
That perfect girl he's been looking for
He took a knee and begged her please
Won't you runaway, runaway with me
Take a chance get out of this town
Follow me oh pretty please
