I caught my self thinkin' of you
The moment we spent together
I remember when I owe you
Memories that last forever

Walking handin' hand
Sharing laughters when you are still mine
Every time I look in your eyes
I see a paradise

Refrain:
It's hard for me to let you go
How can I find better
If you're the best that all I know
All I know

Chorus:
Since the day that I found you
My heart never stop
Never stop from loving you
And it's heartbeat of mine
Are yours all the time
I'll be waitin'
I'll be waiting for you

The promises of yesterday
It still so fresh and here to say
Every word your always say
I can't forget until today
Second chance, second spent
All I want is to be back in your arms again

Refrain:
It's hard for me to let you go
How can I find better
If you're the best that all I know
All I know

Chorus
Since the day that I found you
My heart never stop

Never stop from loving you
And it's heartbeat of mine
Are yours all the time
I'll be waitin', I'll be waiting for you

It's to late to realize
That I am nothing without you by my side
Close to the end it's hard for me to say
There's no more you and I
There's no more you and I

Adlib:

Since the day that I found you
(My Heart is yours)
I am here waiting for you
