his world's at war
And I'm by myself
Yeah this world is dark
Wake up and get started
You feel alone
The world is hard
You feel the same
Wake up and get yourself together

Peace in the mind is the only way to face this bomber
Peace in the mind's gotta wake you up, gotta face this
better
Peace in the mind is the only way to discover, you're a
Murderer, murderer
Peace, peace in the mind you will find yourself and feel
what love is
Peace in the mind gotta free yourself but I guess you'd
know that
Peace in the mind is the only way to discover you're a
Murderer, murderer

You ask yourself
Millennium crash?
The world is lost
Wake up and get started
You feel the same
Won't stop this game
The world is dead
Wake up and get yourself together

Peace in the mind is the only way to face this bomber
Peace in the mind's gotta wake you up, gotta face this
better
Peace in the mind is the only way to discover, you're a
Murderer, murderer
Peace, peace in the mind you will find yourself and feel
what love is
Peace in the mind gotta free yourself but I guess you'd
know that
Peace in the mind is the only way to discover you're a
Murderer, murderer

You understand you're strong, you don't fall
You won't let it go too far
'Cause you'll never be alone, you're always with
yourself and
And when the world gets so hard
And you're feeling down
'Cause no-one's there
Then you gonna say yeah

Peace in the mind finding yourself go
Peace in the mind if all by yourself
Peace in the mind you feeling yourself go
Murderer, murderer

Peace in the mind finding yourself go
Peace in the mind, millennium crash
Peace in the mind finding yourself go
Murderer, murderer

Peace, peace in the mind you will find yourself and feel
what love is
Peace in the mind gotta free yourself but I guess you'd
know that
Peace in the mind is the only way to discover you're a
Murderer, murderer.
