I love to love
I love to love you
So much I want to share in you
Oh Oh Oh..
I love to love
I love to love you
I wanna find a way to you
I'll tell you a secret

If you're mine for the rest of the future
If you're mine coz you know that I need ya
I'll give you love and I'll give you satisfaction
This is the way that it is, that it is
You know that lovin'
Have a little tempo
Just like the music
Nothin' but a stop'n'go
And if you like I will be around
I'll tell you a secret

Chorus:
I love to love
I love to love you
So much I want to share in you
Oh Oh Oh..
I love to love
I love to love you
I wanna find a way to you
If I had a dream tonight
I'd dream that I'd be with you
If I had a wish tonight
I'd wish you'd love me too
I'll tell you a secret
I'll tell you a secret
I'll tell you a secret

Another woman and another night
Another time that you wanna fright
Another day that you feel alone
This is the way that it is, that it is
I need some lovin'

Nothing sentimental
Not only sex
But your heart is gentle
And if you like I will be around
I'll tell you a secret
Oh Oh Oh..

Chorus

Bridge:

I love to love, that's what I do
I love to love, it's me and you
I love to love, my heart is tired
Girl let me set your soul on fire
If I had one wish tonight
I'd kiss and hug and hold you tight
All we need to sail away
Are peace and love on brand new days
So Twinkle twinkle little star
Girl I wonder who ya are
Up above the clouds so high
Like a diamond in the sky
Soul too real with much appeal
You know the deal, it must be real
Love to love, girl take the cue
Love to love, it's me and you

If I had a dream tonight
I'd dream that I'd be with you
If I had a wish tonight
I'd wish you'd love me too
I'll tell you a secret
I'll tell you a secret
