[Lyrics: Smail]

Emotions rise like wisps of smoke

Too soon to dissipate

Warm days now blowing colder

Sunny days all turn to grey

Solitude can bring on peace

Or a piece of loneliness

Drifting on a jaded sea

Losing what I thought was me

The sound of silence is deafening

Screaming from every pore

Overwhelming me

Don't want to feel no more

Holding hope when there's none

Living in a world of no love

Crying out in vain

The only thing that's left is...

**PAIN**

I've come to know you so many times

In so many ways

The more things change the more they stay the same  
Oh how I love this little game  
What delight! In the dead of night  
With you at my side  
I've come to love this feeling of  
What you bring to me inside  
Lying, writhing this agony  
From the depths of night  
I lay my head in solitude  
Like I'm the only one alive  
Reserve myself to the fact  
That nothing's ever gonna change  
Embrace this hell I know so well  
Oh how I love you PAIN  
Nothing lasts  
And nothing is real  
Nothing lasts  
Life is surreal
