Lover!

I found a lover for the first time in my life,
you took me out of the wilderness.
Just like a diamond, you were shining bright, through
the night
and let me stay in your arms to rest.

You give me love, give me love
You give me love, give me love
Sweeeeeet loving, sweet sweet loving,
You're all that i've been dreaming of.

I found a lover to love, and that was 'all like you',
I'll never love another, 'cause no one else will do.
I found a lover to love, and that was 'all like you',
I'll never love another, 'cause no one else will do.
I never knew love like this before, give me more
everything I wanted, I found in you
you make me feel so high, I wanna touch me sky,
take my hands and fly with me.

You give me love, give me love
You give me love, give me love
Sweeeeeet loving, sweet sweet loving,
You're all that i've been dreaming of.

I found a lover to love, and that was 'all like you',
I'll never love another, 'cause no one else will do.
I found a lover to love, and that was 'all like you',
I'll never love another, 'cause no one else will do.
I found a lover to love, yeah
I'll never love another.
I found a lover to love, to love.
I'll never love another, cause no one else will do,
No no, no one else will do,
no one else will do, no one else will do.

Lover!

I found a lover for the first time in my life,

you took me out of the wilderness.
Just like a diamond, you were shining bright, through
the night
and let me stay ãn your arms to rest.

Lover!
