Hey

Are you ready for a new style in this scene?

Start some shit!

Don't admit you were your

ex-boyfriend's bitch

everyday of the week.

So smooth about it,

Pretend you're doin' well

Obsessed about him

Baby you need him

Baby you kiss but never tell.

Prepare for a letdown

We knew it all along

So don't get me wrong

Yes!

You got a way with words.

And bridges you'd love to burn

You were the one, for me.

And boys, please take this

All to heart

She'll tear us all apart

You were the one for me,

But I was wrong.

I've seen you shake

And I've seen you get played

From bright, green eyes

You're such a lush with a

Soft simple touch

Who's not so bright.

So smooth about it,

Pretend you're doin' well

Obsessed about him

Baby you need him

Baby you kiss but never tell.

Girl, you got a way with words

And bridges you'd love to burn

You were the one, for me

And boys, please take this
All to heart
She'll tear us all apart
You were the one for me,
But I was wrong.

Girl, you got a way with words
And bridge you'd love to burn
You were the one, for me
And boys, please take this
All to heart
She'll tear us all apart
You were the one for me,
But I was wrong.
