[Brendon]

It's getting late, and I
Cannot seem to find my way home tonight
Feels like I am falling down a rabbit hole
Falling for forever, wonderfully wandering alone
What would my head be like
If not for my shoulders
Or without your smile
But follow you forever
May it never leave you
To sleep in the stone, maybe
Stay lost on our way home

[Brendon]

C'mon, c'mon, with everything falling down around me
I'd like to believe in all the possibilities

[Nate]

If I should die tonight
May I first just say I'm sorry
For I, never felt like anybody
I am a man of many hats although I
Never mastered anything
But I am ten feet tall
I've never felt this tall since the fall
Nobody seems to know my name
So don't leave me and sleep all alone
Maybe stay lost on our way home

[Brendon and Nate]

C'mon, c'mon, with everything falling down around me
I'd like to believe in all the possibilities

[Brendon and Nate]

C'mon, c'mon, with everything falling down around me
I'd like to believe in all the possibilities

[Brendon]

Try not to mistake what you have with what you hate

[Brendon and Nate]

It could leave, it could leave, come the morning

[Nate]

Celebrate the night
It's the fall before the climb

[Brendon and Nate]

Shall we sing, shall we sing, until the morning

[Brendon]

If I fall forward, you fall flat

[Brendon and Nate]

And if the sun should lift me up
Would you come back?

[Music interlude]

[Brendon]

C'mon, c'mon, with everything falling down around me
I'd like to believe in all the possibilities

[Brendon and Nate]

C'mon, c'mon, with everything falling down around me
I'd like to believe in all the possibilities

[Brendon and Nate]

So c'mon, c'mon, with everything falling down around
me
I'd like to believe in all the possibilities

[Brendon screams] Yeah Yeah Yeah!

[Brendon]

It's late and I, cannot seem to find my way home
tonight.
