"Music Saved My Life"

Visit "[Music Saved My Life](#)" on MotoLyrics.com

You've got to turn the radio on
Outside the windows speeding cars
Some frozen memories pop up
Just go! give up that shadow's world

PRE-CHORUS

Just put the rhythm in your veins
The sound and the beat pumps your blood
Music saved my life
On the dance floor just eight simple moves
The power is walking through the groove

CHORUS

Music saved my life, Music, Music saved my life (Music
)
Music saved my life, Music, Music saved my life (Music
)
Music saved my life, Music, Music saved my life (Music
)
Music saved my life, Music, Music saved my life (Music
)

How do ya dare to bet your heart?
Was it a "monopoly" or love?
Your bankrupt heart has stopped to love
Extraordinary wealth to one

Just put the rhythm in your veins
The sound and the beat pumps your blood
Music saved my life
On the dance floor just eight simple moves
The power is walking through the groove

Music saved my life, Music, Music saved my life (Music
)
Music saved my life, Music, Music saved my life (Music
)
Music saved my life, Music, Music saved my life (Music
)
Music saved my life, Music, Music saved my life (Music
)

Finally, u lost in this game
Go-oooooo!
Music Music saved my life

Rythm in your veins, just a simple move,
is the power walking through the groove
Rythm in your veins, just a simple move,
Just the power walking through the groove

Music saved my life, Music, Music saved my life (Music
)
Music saved my life, Music, Music saved my life (Music
)
Music saved my life, Music, Music saved my life (Music
)
Music saved my life, Music, Music saved my life (Music
)
