Open hands closed eyes in the casquet
That's with some street like rain
Touch a statistic, face to face with sickness
I can do it, and I'll do it again

If you want me, you just have to say
Come on try hard to me
I've been waiting all day

Well go cos you're stalling, work it out
I am your charity case
Working on dead days

Well go cos you're stalling, work it out
I am your charity case
Working on dead days

Dirty sheets I drift through the harbour
Watching spotlights trying to lose myself
Oh but I can't come down, I see you aint like murder on
the shore choking
With no help

I was trying to get the message to you
Yes I was trying to get the message through

Well go cos you're stalling work it out
I am your charity case
Working on dead days

Well go cos you're stalling work it out
I am your charity case
Working on dead days

Ooohh

I'm YOUR CHARITY CASE
I'm YOUR CHARITY CASE

Noo noo
