I will not let you push me back away
From where the sound attacks the plan that's flame
This is not a guessing game, oh no
I will not let you change my name, no go

People fall
Towers crumble
Planes get shot
And soldiers fumble
You don't make the moon give off this light
And you ain't even got a dog in the fight

Believe me
'Cause you will get left behind me
I am the voice above the noise
And we need a rocket so bring in the boys

This one's for the people
Don't lose heart 'cause things get better
You never know the sequel
Of what might happen if you let it
Let's go to the city
With shining lights and never let it go
I won't let go

I can dance inside the grave, watch this
I've been to hell before today, who gives
They cannot keep us in the earth, oh no
I will not let them bury me, no go

People fall
Towers crumble
Planes get shot
And soldiers fumble
The don't make the ocean breathe tonight
And they can't hear the voice comin' out of the light

Believe me
'Cause you will get left behind me
I am your ship
I am your throne

And I am a tent when the world isn't home

This one's for the people
Don't lose heart 'cause things get better
You never know the sequel
Of what might happen if you let it
Let's go to the city
With shining lights and never let it go

This one's for the people
Don't lose heart 'cause things get better
You never know the sequel
Of what might happen if you let it
Let's go to the city
With shining lights and never let it go

Come on!
I won't let go!

I won't let go
Let's go to the city
With shining lights and never (I won't let go) let it go

I won't let go
I won't let go
I won't let go
