Oh oh I  
Oh oh I  
Oh oh I

Ya got a way of living your way say I want that  
I try to live for the people who need a come back  
There are too many problems to think that you can fix  
me  
My name is called the world and I'm dying of unbelief  
see  
I'm the kind of person whos strong and wants to react  
So feel me when I fight for the cause of bringing hope  
back  
Don't ask me where I'm going cuz I could never prove  
that  
But I do have something to say

(Chorus)  
I am reaching from the depths of my soul  
Hear me pleading I'm a child I'm the poor I am needing  
To the drum you better believe it  
Turn it up don't say goodbye  
And yu know that time after time we will survive  
That's why I'm still alive

Oh oh I (X5)

Love and action take the widow with her loss  
True commitment takes the orphans pain because  
Bridges broken their souls pourin out oh why  
Our days are numbered by and still we walk this line

(Chorus)

The words can't break your bones  
So I release them in a song  
Unbelief get out my hair  
You can't win cuz I'm not dead  
Prison stand aside cuz it's time for us to rise  
All my people under fire you can bet this time that I will  
survive

(Chorus)X2
