I guess I should have known
It wasn't gonna end okay
Your're such a trouble maker
But I like it just that way
A bomb tick ticking
With neither one of us to blame
Just like a countdown
Ready to blow
I sat around a lot
And thought about a world without you
But no matter what you think
Everything is not about you
You think I'm still hung up on you
Well, baby that's not true

CHORUS

Now look at me
The memories start to dust
There is only one explanation
I wasn't really in love
(I wasn't really in love)
It was just a crush
(It was just a crush)
Sparks fly when we touch
It was never enough
It was just a crush
(It was just a crush)

You throw away the things you need
There's nothing left to lose
The things I never wanna be
I owe it all to you
You just can't help yourself
It's just what you do
'Cause this is real life
Not a show

CHORUS

Now look at me
The memories start to dust
There is only one explanation
I wasn't really in love

(I wasn't really in love)
It was just a crush
(It was just a crush)
Sparks fly when we touch
It was never enough
It was just a crush
(It was just a crush)

You'll be fine
Just find another girl
To kick around
Won't be long until they all know
What I figured out

CHORUS

Now look at me
The memories start to dust
There is only one explanation
I wasn't really in love
(I wasn't really in love)
It was just a crush
(It was just a crush)
Sparks fly when we touch
It was never enough
It was just a crush
(It was just a crush)
