Everything's cool, yeah
It's all gonna be okay, yeah
And I know
Maybe I'll even laugh about it someday
But not today, no
'Cause I don't feel so good
I'm tangled up inside
My heart is on my sleeve
Tomorrow is a mystery to me

CHORUS

And it might be wonderful
It might be magical
It might be everything
I've waited for
A miracle
Oh, but even if I
Fall in love again
With someone new
It could never be the way
I loved you

Letting you go is
Making me feel so cold, yeah
And I've been
Trying to make believe,
It doesn't hurt
But that makes it worse, yeah
See I'm a wreck inside
My tongue's tied
And my whole body feels so weak
The future may be all I really need

CHORUS

And it might be wonderful
It might be magical
It might be everything
I've waited for
A miracle
Oh, but even if I
Fall in love again
With someone new

It could never be the way
I loved you

Like a first love
My one and only true love
Wasn't it written
All over my face?
I loved you like you loved me
Like something pure and holy
Like something that can never
Be replaced

And it was wonderful
It was magical
It was everything I've waited for
A miracle
And if I should ever
Fall in love again
With someone new, oh,
It could never be the way
No, it will never be the way
I loved you
