(Verse 1)

In the perfect time, when my heart is broken  
Pictures say a thousand words,  
Your voice it says much more

(Chorus)

So keep singing the way that you do,  
My heart is falling for you  
Somehow you make me believe,  
I'm being pulled into you  
With everything that you do,  
When you sing your angel song

(Verse 2)

Angel song, with a lonely heart,  
The world can pull your soul apart,  
Your voice rings deep in me

(Repeat Chorus)

(Bridge)

I hear your voice now,  
I remember, I remember, when things were better

(Repeat Chorus)

(Vamp)

The way you do... you make me believe  
I'm being pulled into you  
With everything that you do,  
When you sing your angel song  
Just sing your angel song
