"Blue Skies"

Gone so far with these scar,
So easy to lose track of whom you are,
It's been so long, since we've gone home
The only place our hearts ever known
And I'm willing to

(Chorus)

Say goodbye to all of these blue skies,
Leave them all behind
If you cry, leave your past behind,
Then you'll be just find

You've become, so undone
Your heart been in shelved
With no were to run
You've breakdown, when no one around
You hear a voice in a shuttled sound
I'll save you again if you want me to

(Repeat Chorus)

(Bridge)

I'll be here; I'll be here, for you
And you knew, I'd be here
I'll save you again if you want me too

(Repeat Chorus)
