Emily it's been awhile since I've seen you last
Emily you look so different
Look at you now, look at you now, look at you now
Emily you always find a better way
Emily you always find the perfect things to say
Now you're breaking down, you're breaking down,
you're breaking down
Does it hurt, does it hurt, every time you tried to fix
your heart
You just make it worst, does it hurt (oh), does it hurt
(oh)

(Chorus 1)

Emily look at you now, alone, alone...
Look at you now, alone, alone...
Emily look at you now

Emily I know you earned it and your first class
Emily you're a superstar, (star)
Look at you now, look at you now, look at you now

Aishiteru (Ah-ee She-teh-ee-ru) (I love you in Japanese)
Believe me it's true, no one but you
And there's nothing I can do
Now you're breaking down, you're breaking down,
you're breaking down
Does it hurt, does it hurt, every time you tried to fix
your heart
You just make it worst, does it hurt), does it hurt

(Chorus 2)

Emily look at you now, (couldn't say a word) alone,
alone...
Look at you now along, (couldn't say a word) alone,
alone...
Emily look at you now

(Repeat Chorus)

You're half way around the world
And you're famous in every since of the word
You're just a normal girl

(Repeat Chorus 1)

(Repeat Chorus 2)

Bridge

Does it hurt, look at you now, look at you now

Does it hurt, does it hurt every time you tried to fix

Your heart you just make it worst

Emily look at you now, Emily look at you now
