Like a memory I couldn't recall, what you said to me
I've got my problems, to justify the things I see
Then all around me, people screaming your name
That reminds me, I had nothing to say

(Chorus)

Heaven got a hold on me now
Finally I've been set free now
I was lost without a clue but saved by you
My eyes are open

By the time I wake I didn't question
The sacrifice it takes to live a promise
That will never pass away
Then all around me, people screaming your name
I don't question, what I need to say

(Chorus 2)

Heaven got a hold on me now
Finally I've been set free now
I was lost without a clue but saved by you
My heart is open

(Vamp)

Heaven got a hold on me, got a hold on me (2x)

(Bridge)

Your love astounding, I fall on bended knee
Everlasting taking over me...

(Vamp)

Heaven got a hold, heaven got a hold

(Repeat Chorus 1)

Heaven got a hold, heaven got a hold
