Another day gone by,  
And all I do is try to,  
Make up for things I've done,  
Make up for the race that I've run

Lord I've tried and tried,  
I look around and then I find,  
I will never change your mind,  
Never change your mind

(Chorus)(2x)  
I'm waiting, Lord I'm asking you  
I'm waiting  
Who can save me now? (Who can save me now?)

Another day gone by,  
And all I do is try to,  
Make up for the things I've done,  
Hide from the ones that I've wronged

Lord I've tried and tried,  
To hide the pain I feel inside,  
When I'll never change your mind,  
Never change your mind

(Repeat Chorus)  
I'm waiting and waiting

(Bridge)  
I won't move, where I stand,  
I'm waiting on, I'm waiting on you

(Repeat Chorus)  
I'm waiting on you, waiting on you

(Vamp)  
Oh- oh... I'm waiting and waiting
