Can't you hear (you know I'll), I feel you near
I'm afraid, you'll disappear,
So stay here now, (you know I'll) wait here, (begging
you)
Don't go far, I know without you I'm, paralyzed

(Chorus)
I won't go
Without you I'm, (without you I'm)
Paralyzed, paralyzed...

If no one hears, these silent fears
My broken hope, won't disappear
My heart grows cold, with blinded eyes, paralyzed

(Repeat Chorus)(2x)

(Bridge)
Begging you, consume my mind
Consume my heart and pull my world apart
Fear of letting go, of everything I know
Without you, I'm paralyzed
Fear of letting go, of everything I know
Without you, I'm paralyzed
