Without looking up I just walk on and on  
Until the feeling is gone,  
It's seem too good to be true,  
Now that I'm far, far away from you  
But even if I don't go, turn off the lights  
Then I turn on the radio, sitting in the dark  
To remind myself the only thing I know about you  
Is what you wanted me too?

(Pre-Chorus))

I don't want this, this part of me, it's hard for me  
This heart in me, guess it's just a part in me

(Chorus)

I can't think, so all I want to do is scream  
At the top of my lungs, I ain't given up  
I can't think, so all I want to do is scream  
Everything is going wrong  
I can't think, so all I want to do is scream, scream

All that I'm left with is the cuts and the bruises  
From your scaring me, all that I'm left with is the pain  
And a warp sense of reality,  
I'm not gonna stay unless you go,  
I'm not gonna stay unless you go  
Cause everything I said you already know  
You already know  
It's harder than you know

(Repeat Pre-Chorus)(Repeat Chorus)

(Vamp)

Oh scream at the top of my lungs,  
Everything is going wrong

(Repeat Chorus)

(Bridge)

I don't want this, this part of me,  
I can't think, so all I want to do is scream  
Guess it's just a part in me  
I can't think, so all I want to do is scream
